

Cheyenne Area Landowner's Coalition
Resolution

WHEREAS, landowners in Laramie County are facing an unprecedented amount of oil and gas development;

WHEREAS, this oil and gas development brings with it pipelines, roads, and other infrastructure;

WHEREAS, the Wyoming legislature for the past two years has considered, and rejected, a bill entitled "Crimes against critical infrastructure" that would criminalize citizen action opposing this oil and gas infrastructure;

WHEREAS, the Cheyenne Area Landowner's Coalition supports the First Amendment rights of our members to voice concerns about development that impacts their quality of life and to petition the government to address problems;

WHEREAS, the Cheyenne Area Landowner's Coalition also supports the private property rights of members and opposes trespass, especially that which could be construed to impede access to critical infrastructure, and other illegal action;

NOW, THEREFORE BE IT RESOLVED that the Cheyenne Area Landowner's Coalition opposes "Crimes against critical infrastructure" legislation and other legislative efforts to criminalize free speech and protest rights of our members and our organization.

Adopted: May 30, 2019
